

About Carm

My spiritual journey began at the age of 6 with an out of body experience at the time I was unaware of how my life was about to change. I was always a super sensitive soul an empath, I could feel other people's energy, throughout my life. I've had many experiences with dark and light beings. To me this was very new and quite daunting. For many years I pushed these feelings away and tried to get on with life, but once I hit my 40's I opened myself to investing and learning as much as I could about clairvoyant, energy healing, Angels, guides and source. My greatest experiences led me to see and feel Angels Energy a wonderful feeling. I would receive messages from Angels and pass these on. As my spiritual journey began my commitment to delivering messages became stronger, i would see images as I was explaining it to my clients. One of my greatest gifts that I was given is to heal your energy centre's chakras. Once these are out of alignment you definitely felt tired, drained, sad, frustrated, unsure of the future, distracted. Now I work with the Angels everyday, offering free Angel messages during the week on my fb page. My energy healing has grew and the Angels guided me to assist heal and allow my clients to feel balanced tranquil and peaceful. It's during this wonderful time of transformation, that I evolved and became a stronger healer. As an Earth Angel (The messenger) combined with my clairvoyant(seeing) clairaudience(hearing) and Clairsentience feeling.I'm here to deliver my mission Which is "To give love, peace, happiness and healing to all that I meet"
